Q: I still haven't received my pledge for *Rallyman: DIRT* from Holy Grail Games' crowdfunding campaign; what should I expect?

Following the closure of the previous publisher, Holy Grail Games, Synapses Games has acquired full rights to the entire *Rallyman* line. We are aware that many players supported Holy Grail Games' *Rallyman: DIRT* crowdfunding project via Kickstarter and are eager to receive their pledges. Unfortunately, due to legal circumstances surrounding Holy Grail Games' shutdown, we do not have access to the list of backers and the orders placed during the campaign. Furthermore, during Holy Grail Games' liquidation process, we have been unable to secure the inventory produced under the management of the publisher. This is a situation that is regrettably beyond our control. We understand the importance of your commitment and share your disappointment.

Although we are closely monitoring the development of the situation, there is no additional information to pass on to backers at this time. We will share any updates as they become available.
